

# KALIX

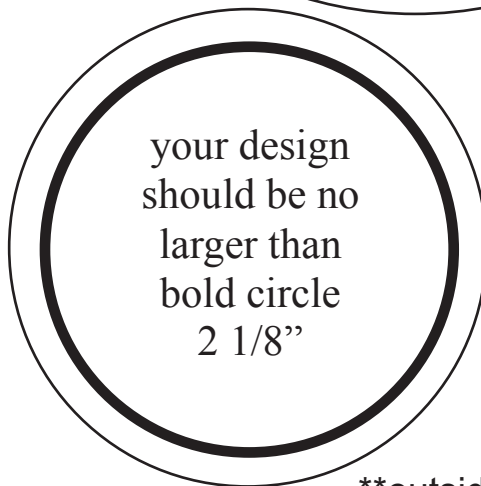

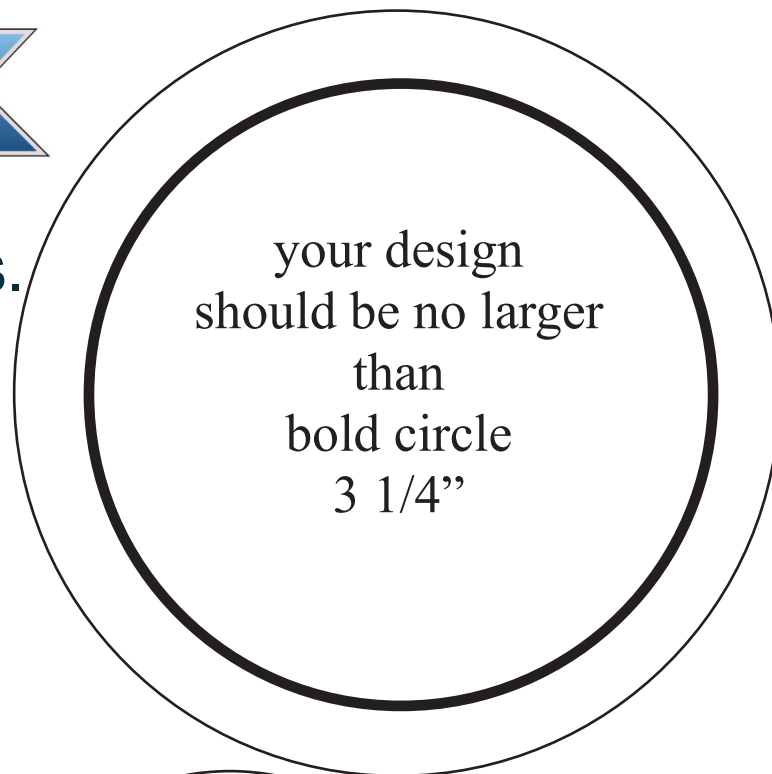

## Buttons. Buttons. Buttons.

Buttons are an inexpensive and effective promotional tool. They can be used for family reunions, fundraisers, conventions, campaigns and contests. When you want to spread the word or increase recognition, buttons are a great option!

## our goal is to create jobs!

### The Button Process

The entire production from cutting of the print to the operation of the hydraulic press is completed by people with developmental disabilities. The result is a quality product, satisfied customers and a source of work and income for individuals with developmental disabilities.

\*\*outside circle is the actual area needed to make button
